

# AUTHORIZATION TO MARK

In recognition of its compliance with PFS TECO's policies, the manufacturer listed below is authorized to mark their product(s) using PFS TECO's registered third-party certifier number, TPC – 3, and as ULEF Exempt from the CARB, US EPA, and Canadian Formaldehyde Emission Regulations.

Composite wood products made under a ULEF exemption from CARB are exempt from the certification, quarterly surveillance testing, and quality control testing requirements of the CARB, US EPA, and Canadian regulations and comply with CARB Phase 2 and TSCA Title VI.

**Manufacturer:** JSC SVEZA - Kostroma  
Kostroma, Russia

**PFS TECO Mill No.:** 3-564

**Products:** 1. Hardwood Plywood – Veneer Core (HWPW-VC) – INT  
2. Hardwood Plywood – Veneer Core (HWPW-VC) – EXT

**Status:** ULEF-Exempt

**Regulations:** **CARB Regulation**  
Sections 93120-93120.12, California Code of Regulations,  
*Airborne Toxic Control Measure to Reduce Formaldehyde Emissions from Composite Wood Products*

**Supporting Documentation:**  
[CARB's Guidance Document](#) states that Exemptions issued by an approved TPC will be considered valid by CARB.

**US EPA Regulation**  
Part 770, United States Code of Federal Regulations, title 40,  
*Formaldehyde Standards for Composite Wood Products*

**Supporting Documentation:**  
Sections 770.17 and .18 of the US EPA regulation allow TPCs to issue Exemptions to products that have demonstrated compliance with the requirements of those sections.

**Canadian Regulation**  
*Formaldehyde Emissions from Composite Wood Products Regulations – SOR/2021-148*

**Supporting Documentation:**  
Section 19(1)(a) states that a declaration of certification may be made if the product type is certified under TSCA Title VI.

**Authorized by:**

Scott Drake  
President and CEO

**Revision Date:** 03 October 2024
